The official logo of the RockINEurope Project Website is ready!

RockINEurope project kicked off after a successful application in the category of Erasmus+ partnership collaborations (KA2) in sport sector in 2021. MTASZ participates in the project as a partner with 4 more institutions - SKT MegaDance, VSK FTVS, Insedo, Gordius Learning Plc. Gordius Learning Plc. leading the consortium.

One of the main elements of the RockINEurope Project is the creation of a knowledge portal, where the collected and evaluated educational materials of the experts participating in the RockINEurope Project are uploaded.

The website of the knowledge repository is currently under development and will be available from 2023. The documents containing the educational materials will be available from May.

The logo also reflects the visual identity of the website, which is called **the Acrobatic Rock'n'Roll Center of Knowledge (ARCK)**.
